Safety Planning

Whatever your circumstances a safety plan can help to keep you safe in an abusive situation.

- Speak to people you can trust about what is happening
- Call SafeNet and discuss your options & what we can do to help
- Always call 999 if you are in danger & if you feel frightened
- Keep your phone charged & on your person at all times
- Record incidents, assaults, threats etc. Log contacts by phone or texts
- Keep important phone numbers in a safe place
- If you are planning to leave do not inform your abuser(s)
- If it's safe to do so discuss safety with your child(ren)
